Questions?

Do you have any burning questions about the event? We'll try to answer them here....

The Event

When and where is the event taking place?

21 July – 5 August 2018, in Queen Elizabeth Olympic Park at the [Lee Valley Hockey and Tennis Centre](#).

Is that where the hockey was at London 2012?

Practically! Our venue is just a few hundred yards from where the Riverbank Arena was situated, and we're sure to have the same amazing feeling as at London 2012.

What is the competition?

It's the biggest event in hockey, and with 16 Women's teams it's even bigger than the 12-team Olympic Games. The event only comes around once every four years, and on the back of Great Britain's women's historic gold medal in Rio, it will be the biggest international team event in England in 2018 - not just in hockey but in any sport.

Who's playing?

England have already qualified as hosts and will be joined by Netherlands, USA, Argentina, Germany, China, India, Ireland, Japan, South Africa, Australia, New Zealand, Spain, Belgium, Korea and Italy.

I loved the hockey in Rio 2016, but I've never watched it in person before, or been to the venue. What do I need to know?

Hockey is a brilliant sport to watch in person, and this tournament will showcase just how fast-paced, action packed and highly skilled the game is. Westfield shopping centre is nearby and there's lots to do around the Queen Elizabeth Olympic Park, all you need for a great day out.

England pool sessions, weekends and the Finals have seen very high demand and are completely sold out. The Quarter-Final and weekend pool sessions have been popular so far, so do purchase your tickets quickly to avoid disappointment.

Do I have to complete a separate transaction for each session?

No you don't – you can order all of your tickets across multiple sessions in one easy transaction.

Tickets not available vs. Sold out

'Tickets not available' means that the available tickets for that price type and session are either purchased or currently in other customer's baskets. Should they fail to complete the transaction, these tickets will become available again. So it is definitely worth checking back after a short while. Sold out means exactly that, no tickets left unfortunately

Where can I find the full terms and conditions for purchasing tickets?

By clicking here. Also when you purchase tickets you will have to tick a box to confirm you have read, understood and agree to these terms. You will get a chance to read them before you confirm your purchase.

Yes you can, tickets are now on general sale. You can purchase these by [clicking here](#).

In the Public Ballot, I applied for more sessions than I won tickets for, why did this happen?

Demand for tickets in many of the sessions exceeded the stadium capacity and for these sessions tickets were allocated on a random basis.

In the Public Ballot, why didn't I win any sessions I applied for?

Again, demand for tickets in many of the sessions exceeded the stadium capacity, tickets were allocated on a random basis – we are really sorry to hear that you were unlucky.

I won several tickets in one session in the Public Ballot; will all tickets be located next to each other?

The likelihood is yes. There is a small chance that tickets may be split across two rows, but this is highly unlikely.

I no longer want the tickets I won in the Public Ballot?
